

XANADU PRIVATE SCHOOL

Subject packages

2023

Gr. 10	
A	COMPULSORY SUBJECTS: English Home Language Afrikaans First Additional Language Mathematics OR Mathematical Literacy (Math Lit) Life Orientation
	CHOICE SUBJECTS:
B	Physical Sciences / Dramatic Arts / Economics
C	Business Studies / Life Sciences / Geography
D	IT / History / Accounting / Visual Arts

Please take note:

- Pupils should choose one subject from each line (B – D) to form the seven subjects for their course of study.
- Immigrants may choose another subject in the place of Afrikaans, BUT it is the responsibility of the learner/parents to find an outside SACE registered teacher/tutor to teach him/her the subject. All SBA and test results should be sent to the school by the tutor, which will then be entered onto our system.
- Whilst every effort will be made to accommodate a pupil's preferred choice of subjects, Xanadu Private School reserves the right to reject a choice based on class size or a pupil's past grades in, or aptitude for the subject.
- A learner who wishes to take **Core Mathematics, Physical Sciences and IT**, must have a year mark of 60% and more in gr. 9.
- **Physical Sciences and IT may not be taken if a learner is taking Mathematical Literacy.**

Name of learner: _____ Current grade: _____

Complete the following subject choices for 2023 from rows B, C and D above. (Only ONE subject per line.)

A: Mathematics OR Mathematical Literacy (Tick your choice)

B: _____

C: _____

D: _____
