## Re: School Fees for 2026

Dear Parents and Guardians,

We would like to take this opportunity to thank all our parents for their continued commitment and faithful support towards the school. Your consistent payment of school fees—on time and in full—plays an essential role in the effective running of our school. We deeply appreciate those who diligently meet their financial obligations every month.

Please find below the **school fees for 2026**. There is a **minimal overall increase of 6%** for the new year. This adjustment ensures that we can continue maintaining the high standard of education, care and opportunities that our learners enjoy.

As a **private, non-profit school**, we do **not receive any funding from the Department of Education**. This means we are entirely dependent on the timely payment of school fees to cover all operational costs. Every rand received is reinvested directly into the school—to improve our facilities, enhance educational resources, attract and retain quality staff, and expand what we offer to our learners.

Our heart and mission remain to **keep improving in every area** of the school each year—academically, spiritually, culturally, and in all aspects of learner development. We have been committed to this vision over the years, and we are grateful for the partnership and trust of our parents in making this possible.

Thank you once again for your ongoing support and understanding. Together, we continue to build a strong and thriving school community that honours God and invests in the future of our children.

*Have a Blessed day*

**Phillip De Bruyn**
